SECTION 3. Underwriting Options

Choice of Medical Underwriting - Your application allows you a choice of either a Moratorium Underwriting Policy or a Full Medical Underwriting Policy as explained below. Please tick one only.

Note:

1. That for Bronze Sub-Plans there is no cover for Pre-Existing Conditions irrespective of your choice of Medical Underwriting below or whether the Pre-Existing Conditions are disclosed.

2. Under the terms and conditions of the Plan, if you do not provide the medical practitioner's details as requested under this Application, any claim under the Plan for a Pre-Existing Condition will be rejected.

☐ **Option 1. Moratorium Underwriting Policy** ***(Only available to Applicants aged under 65 years at Original Effective Date)*****:** Enables you to apply for your Plan without completing a full health questionnaire. Instead, we apply blanket exclusions for any Pre-Existing Condition, as defined by the plan, you have. The 'moratorium' refers to the fact that if, after 24 months of continuous cover under your Plan, you demonstrate two consecutive years without symptoms or treatment, consultation, advice (excluding routine check-ups), medication (including prescription drugs, special diets or injections), for a Pre-Existing Condition (or any related conditions), then should you need subsequent treatment for that condition, you will have cover for it subject to the Plan's terms and conditions. Under the Moratorium Underwriting option, many Pre-Existing Conditions, where you need regular or periodic treatment, medication, or checkups, which existed prior to your purchase of your Plan, may never be covered. This is because each symptom or treatment, consultation, advice (excluding routine check-ups), medication (including prescription drugs, special diets or injections), for a Pre-Existing Condition (or any related conditions) starts the moratorium again.

☐ **Option 2. Full Medical Underwriting Policy:** You must complete a full medical questionnaire. Upon review of your responses and any additional information we require from you or your physician, we decide whether we can accept you for cover and any limitations on your cover. We then confirm any medical conditions that are excluded. Where cover is in effect for 24 continuous months under the Plan, you are provided with Pre-Existing Condition cover up to the annual and lifetime limits of the Plan for eligible fully disclosed and accepted Pre-Existing Conditions as defined by the Plan and subject to the terms and conditions of the Policy Wording. This benefit is payable even if you have received consultation or treatment for the condition(s) during the 24 month period. Where we specifically have excluded cover for a disclosed Pre-Existing Condition and after 24 months of cover your condition has improved, you may request review of that exclusion. Pre-Existing Conditions which have not been disclosed will never be covered. If you apply for a Full Medical Underwriting Policy and are declined on medical grounds, you may re-apply for a Moratorium Underwriting Policy. ***If you elect this option, Questions 1-30 of Section 4 below must be answered for the applicant and every other member of your family applying for cover. For any question answered "YES," please identify the family member to whom the answer applies (use the letter that corresponds to the family member from Section 1), and provide complete details of the medical condition at issue in the space provided in Section 5 of this application, including the name, address and telephone number of all attending physician(s), diagnoses, all treatment dates, type(s) of treatment, prognosis, and present course of treatment.
